1/16/2020

Dear Patients,

To begin, I would like to thank you for the trust you have given me over the years as your physician. Taking care of you has been an honor for my staff at The Eye Clinic Surgicenter and me. Your continuing wellness and health are priorities for us.

I am writing today to inform you that I will be leaving The Eye Clinic Surgicenter practice due to family considerations effective as of 4/17/2020. I will be available until that date for any scheduled appointment and / or your urgent care.

It is important that you continue with appropriate medical care; therefore, you should establish contact with another physician as soon as possible.

In order to help you find another doctor, the following information is provided:

Option I: You may wish to continue with Brian LaGreca, MD or Christopher Smith, MD here at The Eye Clinic Surgicenter.

Option II: Lisa A Herrygers, MD is a fellowship trained glaucoma specialist in Bozeman, MT. You may wish to place yourself under her care, or you can contact the glaucoma medical society at www.americanglaucomasociety.net for a referral.

Option III: If you are in a managed care situation, you may need to contact your healthcare insurer for a referral within the network.

The enclosed HIPAA-compliant authorization form is necessary to release a copy of your medical records to you or your new physician. Please complete the form and return it as soon as possible. On receipt of this signed form, my office will forward a copy of your medical records to you or to the physician you designate. Please rest assured that I will remain available during the next 90 days to consult with your new provider to promote a smooth transition and continuity of care.

If you have not selected a new physician by the time I leave, you can obtain acute, critical, or emergency care by calling Dr Brian LaGreca or Dr Christopher Smith here at The Eye Clinic Surgicenter or the Billings Clinic Hospital Emergency Department or St Vincent Hospital Emergency Department.

Sincerely yours,

Oswald Rondón, MD
Glaucoma Specialist
